

Brain Injury Services' Charity Golf Tournament

Brain Injury Services' Charity Golf Tournament was held on October 16, 2006 at Westwood Clubhouse located in Vienna. The tournament raised \$55,000 for our program and services and helped increase awareness of brain injury to the Northern Virginia community. The amount raised at this year's tournament was due to the generosity of the tournament sponsors, players and donors of the auction items. The live auction, held at the dinner and awards ceremony, was a tremendous success due to BIS having the opportunity to auction airline tickets from Continental Airlines, American Airlines, Southwest Airlines and JetBlue Airlines. We are extremely thankful for this year's success and look forward to holding our 5th year tournament in May 2008.

BIS would again like to thank our sponsors especially our Platinum Sponsor~Access National Bank, Gold Sponsor~Colchester Hunt Title & Escrow, Silver Sponsor~Argon ST and Bronze Sponsor~National Counseling Group for their generosity and continual support.
